There is so much fun stuff to do in the summer months of June, July, and August. Picking bunches of blueberries, finding ladybugs in the bushes, hunting bugs that dug holes in the ground, and watching butterflies when the sun is out. Running and jumping into mud puddles is the best, but we get bumps and bruises. At the end of the day full of fun, we just sit, drink fruit juice, and get ready to jump into our bunk beds.

Answer the questions.

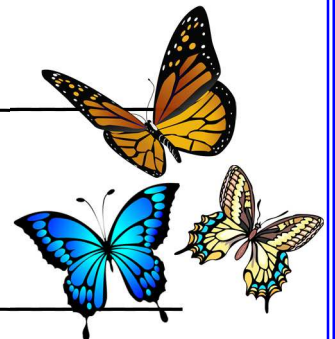

1. Which months are the summer months?

2. What do we pick?

3. What is the best thing to do?

4. What do we drink at the end of a full day?
