

Alpine Skiing

Alpine skiing or downhill skiing is the sport of skiing down snow-covered hills.

There are four different disciplines in competitive alpine skiing races: slalom, giant slalom, super giant slalom, and downhill.

Biathlon

The biathlon is a winter sport that combines cross-country skiing and rifle shooting. Athletes race around a course carrying a rifle strapped to their backs stopping to shoot at a series of targets. The shooting is done in either a standing or prone position.

Bobsleigh

A winter sport where a two or four person team make timed runs on a specially designed sled down a narrow, twisting, banked, iced track.
