

Name _____

Date _____

The Magnifying Glass

Lucy's mom has asked her to find out what is happening to the plants. They don't look very healthy. Lucy is clever and decides that the best way to investigate is with her magnifying glass. She approaches slowly. Many of the leaves have holes, and she spots what is making the holes in all the leaves. A bunch of tiny insects! What a great feast they are having!

Answer:

1. What problem does Mom have? _____
2. What does Lucy use to investigate? _____
3. What does Lucy find in the leaves? _____
4. Why does Lucy have to investigate? _____
