

Name _____

Jelly Bean Rainbow

Aaron took his allowance to the grocery store and bought a big bag of jelly beans. Jelly beans are his favorite treat. When he got home he dumped all the jelly beans out on the table and separated them by color. He put each color in its own row and placed one row beneath the other until all the jelly beans were sorted.

Suddenly, his face brightened with a huge smile. "Look, Mom, I made a rainbow," he said. "Would you like to taste my rainbow?"

His mom popped a red jelly bean in her mouth. "Mmmm," she said. "Rainbows are delicious."
