## How to Make Fortune Cookies

Making fortune cookies is very simple.

### Ingredients

1 egg white, 1/8 teaspoon vanilla, 1 pinch of salt, 1/4 cup flour, and 1/4 cup sugar

### Preparation

First, write the message that is to be put inside. Then, cover a cookie sheet with baking paper, and preheat the oven to 200 °.

Beat the egg whites with the vanilla until it makes a foamy mixture. Add the other ingredients, mixing well.

Put the mixture by spoonfuls onto the cookie sheet, forming circles. Then bake for 5 minutes. Remove the fortune cookies from the cookie sheet with a spatula. Quickly put the message inside and fold them in half. This gives them their characteristic shape. Let them cool before serving.
