

WHAT IS THE AUTHOR'S PURPOSE?

My Mom's Purse

My mom's purse is always heavy. She carries so many things in it that her friends say it looks like a magician's hat. She keeps reaching inside it and getting things she needs.

In it, there is everything from colored pencils to eye pencils. You can also find scarves, tweezers, a comb, candies, a flashlight, and many other things. Tell me what you need, and I'm sure my mom can find it in her purse somewhere .

What a hard life my mother's purse has! It is always heavy, and it never knows what new thing is going to have to carry.
