# Homophones

right

**Homophones** are words that sound the same, but have different spellings and different meanings.

**Write:** to form letters or words with pen or pencil. I will write a letter to you.

**Right:** a direction, also something that is correct and/or proper. I will turn right at the corner. You have the right answer to my question.

**Choose the correct homophone and write it on the line.**  
(write - right)
