

Name _____

Henry Has a Fever

“Mommy, I don’t feel well!” Henry called from his bedroom.

Mommy came to Henry’s room to check on him. His face was red and felt hot when she touched it. She took his temperature with the thermometer.

“Oh, Henry, you have a fever,” said Mommy. “You’ll have to stay home from school today.”

1. Who didn’t feel well in the story?

2. Who came into Henry’s room to check on him?

3. How did Henry’s face feel when his mother touched it?

4. What did Mommy use to take Henry’s temperature?

5. What did Mommy tell Henry after she took his temperature?
